CHERRY PECTORAL

For the Cure of

COLDS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

In offering to the community the following remedy, we do not wish to be understood as claiming for it the power of curing all the diseases with which it is afflicted. But we do say, that we have the most unbounded confidence in its virtues, derived from the public evidence of its cures, and the personal knowledge we have of its composition. Many of the diseases which it cures, are supposed by the people generally to require different remedies; but they are all the effects of the same cause, and require the same remedy. Colds, Coughs, Hoarseness, Bronchitis, Whooping-Cough, Croup, Asthma, and Consumption, are all the effects of pulmonary inflammation, and require the same treatment. Many people have a cough, and seem to think it a slight matter, and that they can throw it off at any time. They do not see that the cough is only a symptom of disease, and that the disease is seated in the lungs. Nor do they know that the cough, which they have had so long, and which they have come to look upon as a part of themselves, is sapping the foundation of life, and that the insidious disease is fastening its deadly fangs upon them, from which they cannot escape. Nor do they know that the cough, which they have had so long, and which they have come to look upon as a part of themselves, is sapping the foundation of life, and that the insidious disease is fastening its deadly fangs upon them, from which they cannot escape.

Dear Sir: I did not receive your letter requesting my opinion of your Cherry Pectoral, until the middle of last week. I have since attended to the analysis, and now send you the result.

I find your Cherry Pectoral to be composed of pure vegetable extracts, containing no mineral substance, or anything else that can injure the most delicate constitution. The remedial virtues of the several articles of which it is composed, are extracted in a manner to preserve them unimpaired by the usual process of preparing vegetable extracts. The result is a remedy of great power, and perfectly safe in all cases of pulmonary disease. I am, Dear Sir, yours, respectfully,

JOHN GORHAM.

Dr. J. C. Ayer.

Read the following, and learn the medicine to use in all cases of the kind. The publishers of the medicine were unmistakably correct.

Extract of a letter from Rev. Mr. Cheever, Pastor of the Congregational Church, Wayland, Mass., dated Dec. 30, 1850.

Dr. J. C. Ayer—Sir: I have received a supply of your Cherry Pectoral, and I find it an excellent medicine for Coughs and Colds. I have used it in my own family, and in the families of my parishioners, with the most beneficial results. I have no hesitation in saying that it is the best medicine for Coughs and Colds that I have ever known, and I am glad to find that it is coming into such extensive use. Yours, truly, CHEEVER.

From an Overseer in the Hamilton Mills, in Lowell

Lowell, Aug. 9, 1850.

Dr. J. C. Ayer: I have known one of my men for several years, who has been troubled with a severe cough, and has tried many remedies without effect. I have at last induced him to try your Cherry Pectoral, which has entirely cured him. Yours, respectfully, JOHN BROWN, Overseer.

transactions communicated by the Executive Government to the Senate at the request of that body, are de public, or in kind but made public only because such is the common and usual practice on proceedings and it may be regarded as somewhat singular, therefore that the Austrian Cabinet did not pre de ve that by the instructions given to Mr Hulsemann if was itself interfering with the domes ic concerns of a foreign State the very thing which is the ground of the complaint against the United States.

The Department has in former occasions, in formed the Ministers of Foreign Powers the communication from the President to either House of Congress is regarded as a domestic communication of which ordinarily no foreign Minister can take cognizance; and a more recent instance of great convenience in making such communications of public documents has been given in the manner in which the Queen of England has been pleased to lay before Parliament the correspondence between Her Majesty's Government and the Minister of Hungary. Although, however, the Hungarian struggle for liberty and independence had excited the sympathies of the people of the United States against whose interests it could not be regarded as hostile, yet the Government of this country has never interfered with the domestic affairs of any foreign State, nor has it ever permitted any individual connected with the Government to express an opinion unfavorable to the existing Government of any country with which the United States are on friendly terms.

The Minister of Austria has taken occasion to express his high sense of the friendly relations which exist between the United States and Austria, and of the respect entertained for the Austrian Government by the Government of the United States. The Department has also received from the Austrian Minister assurances that the correspondence between Mr Hulsemann and this Department will be communicated to the Emperor of Austria, and from other sources it is understood that the President's Message has been received by the Austrian Government in a manner entirely satisfactory to the President.

The Secretary of State has received from Mr Hulsemann a note in which he informs the Department that he has been instructed by his Government to withdraw from the United States, and that the Austrian Government has directed its Minister here to demand his passports. In this note Mr Hulsemann has indulged in many unbecoming remarks upon the President, the Secretary of State, the Congress of the United States, and the American people. The President, in accordance with the usage of nations, has granted the passports asked for by Mr Hulsemann, and has directed the Secretary of State to inform Mr Hulsemann that the President has received no official notice of the appointment of any successor to Mr Hülsemann, and that he declines to receive any communication from him.

THERE is no mistake as to its excellencies—the following is the testimony of the Bangor Democrat:—

"This Ink is manufactured by Dr. Wm. Mann of this city. We have used it for the last eight or nine years, and can assure the public that it is an excellent article. It is a jet black, flows freely from the pen, and remains its color on our account books, after the lapse of years, as fresh as when first written. The proprietor has made little or no exertion to bring the Ink before the public, but it is used extensively, not only in the vicinity, but in Boston and other places. THE Great American Remedy

FOR Colds, Coughs, Asthma, Whooping Cough, Croup, and all diseases of the Chest and Lungs, has now been so long before the public, and its reputation so well established, both from recommendations of Physicians, and from the invariable testimony of its faithful use, by all who have used it, *that its sale then becomes unnecessary here,* and it must very soon supercede the use of every other article issued for the same and kindred complaints. As a family medicine, it can never be surpassed. In double the usual dose it almost invariably vomits the child in the first stages of croup, and relieves and quiets it immediately. For quite a number of years it has been the favorite and universal remedy in all the cases named, of one of the most celebrated and skilful Physicians.

Sold wholesale and retail by R. K. HARDY, at No. 3 Harlow's Block, Bangor; and by Druggists generally throughout the country. All orders will be promptly attended to. nov 15
